## President's Message

I know, I know, I know!! It's already March. Can you believe it? How's about your taxes? Have you filed as of yet? And....it's getting pretty close for the Easter Bunny to make an appearance and deliver all those Easter baskets.

Anyway, as spring is quickly approaching, we are still playing around with trying to get ATV/UTV's legal for riding here in Quincy. This is the 3<sup>rd</sup> year now.

We have renewed our club membership with the WATVA Association and are a member for the third year.

The South Adams County Road Runners are surging,

moving forward, and putting the Town of Quincy on an 'island'. Towns in Adams County are approving ATV/UTV's one after another. Business, recreation, real estate, and tourism in Quincy is being passed up and being left behind.

Adams County has an ATV/UTV ad-hoc committee working on enhancements and policy changes for county roads. All for the better.

In our case, we are only 'one signature' away from getting this done. All angles have been completed to accomplish this (written proposals, town board meetings, a town hall

presentation, a public hearing etc.) We are still involved, our committee is still active, and we are not giving up. We are staying with it and not going away! Currently, we are working on our strategic plan for moving forward.

Thank you, everyone, for renewing your club memberships and I welcome all new members for joining. We will continue to keep you informed and try to energize you to be more involved.

As the snowmobile season is coming to a close, I would like to give a special thanks to our Trail Boss, Jim Schnolis, and his crew for getting the easements taken care of from the landowners, and for ensuring that the necessary paperwork was up-to-date and complete. Also, an additional thanks for the brushing and signing of our trails for this snowmobile season, even though we didn't have much of a riding season here in Adam's County. (Where the h@% was all the snow this year?), it was surely cold enough!

Adams County is a great place for Business, Farming, Tourism, Recreation, Retirement, Real Estate, Development, and Raising a Family!

Just think, (dining, old-fashioning, golfing, boating, canoeing, kayaking, fishing, hunting, trap shooting, hiking, camping, bicycling, motorcycling, snowmobiling, ATV/UTV-ing, cruising, and many more).

**The town of Quincy is the 'Gem' of Adams County!  
(Our Town has the 'Castle Rock Lake' and the 'Wisconsin River' on its entire western border)**
